ABOUT IIDA WELCOME

IIDA is a professional networking and educational association of 15,000+ members, 58 countries, and 30 chapters around the world. IIDA was founded in 1994 as the result of a merger of the Institute of Business Designers (IBD), the International Society of Interior Designers (ISID), and the Council of Federal Interior Designers (CFID). The goal of the merger was to create an international association with a united mission that would represent Interior Designers worldwide. Since that date, IIDA has worked to convene communities of Interior Designers across regions and specialties, representing the interests of the entire community.

IIDA, with respect for past accomplishments of Interior Design leaders, strives to create a strong niche for the most talented and visionary Interior Design professionals, to elevate the profession to the level it warrants, and to lead the way for the next generation of Interior Design innovators. The association provides a forum to demonstrate design professionals' impact on the health, safety, well-being, and virtual soul of the public, balancing passion for good design and strategy for best business practices. IIDA stands at the intersection of passion and strategy where designers create extraordinary interiors and experiences.

MEET YOUR JUDGES

Jason Valentin

Senior Project Designer, Associate

Jason, born in Puerto Rico and raised in New York, received a BAS in Interior Design from Seminole State College of Florida. He brings a dynamic balance of attention to detail and a natural ability to design between the lines. His confidence with clients and design sense is delivered down to the final details and is evident in all aspects of the projects. He also has a passion for mentoring and portfolio reviews. Jason's experience in the multifamily market and his values make him an asset to the design team. As a Senior Project Designer and Associate, Jason is responsible for all aspects of the design process. Jason's involvement in the interior design community shows his dedication, formerly as the Chair of Design Mix and Director of Communications of the IIDA South Florida Chapter Board.

Caroline Murphy

Design Engagement Strategist, SANDOW

Caroline Murphy is a Design Engagement Strategist at SANDOW Design Group, where she leads community initiatives across INTERIOR DESIGN, METROPOLIS, ThinkLab, and Design Milk. Before shifting into brand and engagement strategy, Caroline practiced interior architecture with firms including Ware Malcomb and Wold, shaping her deep understanding of the design process. She's also the founder of the Young Designers Collective (YDC), a national platform empowering the next generation of designers through mentorship and immersive events. A graduate of the University of Tennessee's College of Architecture and Design, Caroline blends her background in design with a passion for storytelling, strategy, and community building.

Megan Mershman

Interior Designer at GBBN Architects

Knowing that human beings spend 90% of their time indoors, Megan works every day to make those spaces supportive, functional, equitable, and beautiful. She is an Interior Designer and Associate at GBBN in Cincinnati, Ohio. She leads efforts to frame workplace design strategy while also contributing to projects across the firm's portfolio, ranging from law firms to community centers to academic libraries and higher education learning spaces, as well as healthcare public spaces. Working across markets, Megan consistently enriches each design she touches with experiences and perspectives drawn from other project types. Outside the office, Megan is highly active in the regional leadership of the International Interior Design Association—Ohio Kentucky Chapter, carves out time to dance a few times a week, and parents a Paw Patrol-obsessed preschooler.

MISSION STATEMENT

The mission of the IIDA Carolinas Chapter is to advance and promote the profession of Interior Design through knowledge, value, and community. We support a regional network of qualified design professionals who are focused on increasing design excellence and community relevance through the guiding principles of continuous professional development, collaboration, teamwork, and philanthropy that underscore our commitment to the communities in which we live and work.
